« Pure In heart »

"Pure In Heart" is an *Irish youth community* dedicated to living the true beauty of sexuality. We believe that sexuality is a gift to be treasured and respected, finding its full expression in marriage. This frees us to be the people we are created to be, to love properly with our bodies. This is the virtue of chastity.

Our work is to educate, inspire and empower young people to enjoy a healthy lifestyle by living chastity and abstaining from early sexual activity. We achieve this by speaking on love, relationships, dating, sexuality, and marriage in schools, at youth retreats, and at conferences around Ireland.

“Theology of the Body for Teens” is a brilliant curriculum. It is so successful because it speaks to the teens without sacrificing the beauty and the power of the message. This goes beyond a traditional chastity program by teaching teens a new language - the language of the body - where God’s original plan is stamped right into their very beings.” Christopher West

- **“Mechanism of Action of the Oral Contraceptive Pill”**

An excellent video is available [HERE](#), which clearly demonstrates the mechanism of action of the oral contraceptive pill. It explains that at least some of the time "The Pill" works by preventing implantation after conception has occurred. This is an abortive effect which many couples and Physicians may find objectionable to use or prescribe. People have a right to know this information.
